

The All New
RootsSweep
RB120

**Perfect sweeper for Indoor and
Outdoor sweeping**

Machine Overview

Key Features

Hydraulic Power Pack

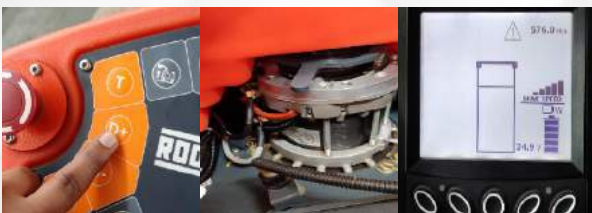

Electrically Operated Hydraulic Power Pack for Hopper Raise/Lower/Dumping.

Dust Suppression System

Water spray system for side broom to suppress the flying dust and enhance the sweeping performance.

Variable Drive Speed

Variable speed drive motor, supports machine speed as required.

CAN Bus Control

CAN Bus Control with display helps easier operation.

Performance

- The RootsSweep RB120 is the perfect machine for indoor and outdoor sweeping with area performance upto 12,400 m²/h.
- RB120 machine is equipped with powerful 24V/420Ah battery which gives extended running hours.
- Ergonomically designed – comfortable operator seat with back rest.
- One touch control panel ensures ease of operation.
- Hydraulic dumping system with dumping height up to 1.6 m.
- Automatic filter shaker mode and large filter surface area provide effective dust control.
- Hydraulic end cushion cylinders for smooth hopper operation.
- Hopper sensors for enhanced safety.

Safety Features

Seat Switch

Operator presence control. Machine stops if operator is not present in the seat

Emergency Stopper

One press control to stop the machine, In case of emergency

Circuit Breaker

Protects the side brush in case of overload

Electromagnetic Brake

High efficiency Electromagnetic brake for Enhanced safety

Regenerative Brake

Slows the machine movement in slopes

Safety Arm

Safety arm for safe maintenance

Sensors

Hopper Rotate Sensor

Hopper Open Sensor

Hopper Level Sensor

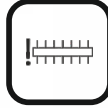

Ramp Sensor

Water Level Sensor

Filter Clog Sensor

Main Broom Wear Sensor

Main Broom Overload Sensor

Sweeping Width

Sweeping width with one side broom
1200 mm

Sweeping width with both side brooms
1550 mm

Advantages

Maximum low turning radius 1800 mm

Ergonomically designed control panel view with one Soft Touch

Excellent Sweeping, removes accumulated soil with ease

Standard Accessories

Pneumatic tyre

Poly propylene brush

LED head lights

Water spray dust suppression

Seat belt

Optional Accessories

Solid tyre

Brushes with Steel Mix

Left side brush with water spray

Traction Batteries 24V, 480Ah

Offers 20% Gradeability.
Easier to climb slopes
Extremely useful in sites with multiple levels

Technical Specifications

Description	Units	RB120
Sweeping path - Mainbroom only	mm	850
Sweeping path with one side broom	mm	1200
Sweeping path with both side brooms	mm	1550
Sweeping performance with one side broom	m ² /h	9600
Sweeping performance with dual brooms	m ² /h	12400
Maximum Gradability	%	20
Hopper volume	liters	155
Maximum lifting height	mm	1640
Filter surface	m ²	7.1
Sound pressure level	dB (A)	75
Water Tank Capacity	liters	40
Dimensions(LxWxH)	mm	1915x1250x1640
Dead weight	kg	685
